

Employment Opportunity

Holland College is initiating a **Heritage Carpentry Retrofit Program** and is seeking a highly-organized and detail-oriented learning manager/instructor to lead the development of this new program. This position is for a six-month term with the possibility of an extension when the Heritage Retrofit Program is offered in September, 2011.

Reporting to the Program Manager of the Industrial Technology and Trades Department, the successful candidate will be required to research and develop a viable, sustainable program that is responsive to industry needs. The successful candidate will be responsible for curriculum development and equipment and laboratory setup. Additional responsibilities include recruit and convene an advisory committee of industry subject matter experts for validation and guidance of curriculum during development and for ongoing input and participate in the marketing and promotion of the program.

QUALIFICATIONS:

- Post secondary education in a related field
- Red Seal in Carpentry is essential
- A minimum of five years experience in the trade with a demonstrated knowledge and capability for historical renovations
- Demonstrated experience in the analysis and/or preparation of proposals and reports
- Knowledge of energy efficient building practices for renovation (emphasis on heritage buildings would be an asset)
- Strong computer literacy skills
- Demonstrated leadership abilities and strong oral and written communication skills are essential

Application Review Date: Tuesday, September 7, 2010

We offer competitive salaries and excellent benefits. To apply, send resume including education, work experience, and the names of three references (**Quoting Competition No. #10-41**) to the address below.

Only those selected for the next step in the selection process will be contacted.
